RESPONSE TO NOTIFICATION OF MISSING REQUIREMENTS
UNDER 37 U.S.C. §371

In response to the Notification of Missing Requirements under 35 U.S.C. §371 in the United States Designated/Elected Office (DO/EO/US) dated February 8, 2006, Applicants submit herewith a computer-readable copy of the sequence listing.

Applicants believe this submission of a sequence listing in computer readable form complies with the requirements under 37 C.F.R. §§1.821-1.825. Applicants respectfully request entry of the sequence listing into the above identified patent application. The undersigned hereby verifies that the computer readable form of the sequence listing is identical to the paper copy of the sequence listing submitted on May 6, 2005 and does not contain any new matter.

The February 8, 2006 Notice of Missing Requirements also indicates that additional fees in the amount of \$100.00 are due for additional claims. Specifically, it is alleged that there are 6 independent claims, i.e., 3 extra independent

claims. Applicants note, however, that the preliminary amendment submitted May 6, 2005 with the instant application contains 81 claims of which only 5 are independent, namely claims 1, 29, 50, 74, and 75. Applicants submit that the Transmittal letter clearly indicates that the requisite claims fees for 81 total claims and 5 independent claims were paid concurrently with the filing of the application and preliminary amendment. Accordingly, Applicants do not believe any further fees are due.

Further, the February 8, 2006 Notice of Missing Requirements states that a declaration signed by the inventors is required. However, Applicants respectfully submit that 10 pages of declaration were submitted with the instant application on May 6, 2005. Indeed, a review of the Patent Application Information Retrieval (PAIR) system reveals that these declarations were received by the PTO with the instant application on May 6, 2005. Each inventor has signed a Form PCT/RO/101 declaration sheet which indicates the parent PCT application number, the inventor's name, and the inventor's citizenship. As such, Applicants believe the previously submitted declarations comply with the requirements set forth in 37 CFR 1.497(a) and (b).

In the event that a fee is required in connection with this submission and not enclosed, the Commissioner is authorized to charge the account of the undersigned, Account No. 04-1406. A duplicate copy of this sheet is enclosed.

Early and favorable consideration leading to prompt issuance of this application is earnestly solicited.

Respectfully submitted,

DANN, DORFMAN, HERRELL AND SKILLMAN
